Practise Routines

Building good habits helps your child cope with the many new things they will encounter this year.

School is a lot more structured than your child is used to. Lessons are longer and so is the school day. Buying food at recess is a new experience and they will need to go to the washroom on their own. After-school activities and homework might take some getting used to. Practising routines will help your child face the unfamiliar with a smile!

What's In Your School Bag?

Help your child develop the good habit of packing their bag before school. Chat about what goes in each day and how to check that they have everything they need. When they are ready, let your child try packing their bag on their own.

Here are some questions you can ask:

- What should you bring to school every day?
 - My pencil case
 - School bag
- Which books should you bring?
 - Have you checked your timetable?
- Anything else?
 - Have you checked your School Bag?
 - Have you packed your homework?
 - Did your teacher give you any forms for me to read at home?

My Pencil Box

Your child's pencil case is a treasure chest of prized stationery. Teach them to take good care of it.

Get the name stickers from the packet at the back of the book, and guide your child to write his/her name on them. Stick the stickers onto their pencils, ruler etc.
